WHAT IS A STANDARDS MASTERY FRAMEWORK?
The Standards Mastery Framework (SMF) is a set of tools designed to ensure a guaranteed and viable curriculum and deepen personalization of the learning experience for FCS students.

WHAT IS GUARANTEED AND VIABLE?
A viable curriculum is a well-articulated set of knowledge and skills that every child should learn in grades K-12. Viable also means it can be taught for understanding in the time available. A guaranteed curriculum means it is taught in every classroom in every school.
