

Social Distancing Monitor

I am not following social distancing rules for safety.
I am touching others without permission or standing close. I am sick, starting to feel sick, or have been around others who are.

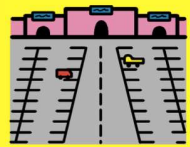

5

I'm not limiting my time out with nonfamily members.
I'm not getting important supplies or materials.
I'm in a group with a lot more than 10 people.
I'm not wearing a mask or practicing good hygiene.

4

I keep the time I'm at stores as short as possible.
I cover my mouth and nose with a mask.
I am keeping two arms' length away from others.

3

When nonfamily members are around,
I stand away so there is a lot of space between us.
People understand that this is safe, kind, and healthy.

2

I am at home with only my family.
I am washing my hands with soap often
to keep germs from spreading.
